

Monte Carlo Simulation

This course introduces participants to a powerful tool that enables decision-makers to address uncertainty explicitly overcoming the weaknesses of the more traditional scenario analysis approach.

Monte Carlo Simulation - 24th - 25th June 2021

Using Monte Carlo Simulations for enhanced:

- Cost-based decision-making
- Cost Control
- Capital budgeting related decisions

Top speakers

- Prof. Dr. Michael Burkert, University of Fribourg, Subject Area Coordinator

What our students said

- Excellent personal connect with participants
- I will use this approach in my job to overcome issues in decision-making
- Answers were delivered with real life practical examples

Course fee/ module: CHF 1'400.--
Course language: English
Registration: www.iimt.ch or iimt@unifr.ch

This course will take place:
As an online or as a presence course, depending on the current COVID-19 situation in June.
